

23rd Australasian Fluid Mechanics Conference

University of Sydney, Australia

4 – 8th December 2022

We are pleased to invite you to attend the 23rd Australasian Fluid Mechanics Conference to be held in Sydney, Australia in December 2022. The conference is organised in collaboration with the Australasian Fluid Mechanics Society and brings together leading Australian and international scientists, engineers, educators and research students with common interests in fluid mechanics.

This event will provide excellent opportunities for social networking to strengthen links between Australian and international technical communities in academia, industry and government.
